The readers of this paper will be pleased to learn that there is at least one dreaded disease that acience has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient atrength by building up the constitution and assisting nature in doing its work. The proprietors have see much faith in its curalive powers that they offer One Hundred Dollars for any case that it falls to cure. Send

Fashion Fetes In the Name of Charity Newport is the setting for some of these bazaars. Here on the spacious lawns of country homes, mannequins display the very latest modes from Paris vieing in smartness with the women who come to see them. There are tableaux and ground promenades and best of all you can sip tea and view them with a conscience free from guile ,for your entrance fee goes to weet charity.

The latter part of last week the bazaar of the season was held at the home of one of the leaders of the New port set. In artistic tableaux, backed by Grecian summer houses, all the summer modes were reviewed and predictions made for the coming season. Striped Faille a Favored Fabric.

Every dress showed at least two materials; heavy faille silk was a favored fabric. One tall blonde mannequin wore a dress of striped satin and grosgrain islk which was practically new and attractive. Its very simplicity baffles description, its charm being in the clever use of the stripes. The skirt had a pleated lower section, kilted one might say, for it was straight and laid in deep folds from the hip to the bottom. This was cut with the stripes crosswise, while the yoke, waist and cuffs had the stripes straight up and down. There was a sheer vest and Quaker collar of crisp white Swiss, and sleeves of black Georgette crepe making a striking contrast with the cuffs of the silk.

Skirts Shorter and Shorter Still. There seemed to be no limit to the shortness of the skirt. The costume just mentioned was worn with white

kid shoes and the skirt was so short that at least an inch of the stocking showed between the top of the shoe and the bottom of the skirt. Indeed, many of the mannequins looked like school girls, but shoes are fancy and skirts are obviously short to show them. Women want their money's worth. As I watched the mannequins did place.

I could not help thinking of the little boy who went without his coat in Deof the 42 cember to show his new suspenders. Braid Introduced As Hat Trimming.

There were many new things introduced. Perhaps the most interesting no tion was Hercules braid as hat trim-ming. There is no question of its popularity as dress trimming, but for hats, the idea was certainly unique. It was used in three flat bands on the velvet brim of a sailor, while the crown was white satin trimmed with beads. This was sent by a New York modist. The Parasol Reverses Its Handle.

It was decidedly a showing of every thing milady needs for a complete wardrobe. The acescsories were as startling as they were smart. One of the girls carried a parasol with a swan's-head handle on the top, while what naturally would be the handle tapered off into the cap of the walking stick. Though a bit top heavy, the effect when opened was attractive. Enter the Frock with Floating Panels

Styles were not confined alone to the mannequins. Society took a keen interest in the cause and there were terest in the cause and there were many notables present. It seemed as if every one had put on their best bib and tucker for the occasion. One woman who is summering in Maine came down to be present at the fete. Her gown was one of the new combinations of blue serge and Scotch plaid taffets. When she stood still the skirt apeared to be of the serge, but when she moved it broke up into floating panels displaying a medium that they offer One Hundred Dollars any case that it falls to cure. Russian Boots Again in Evidence Several of the women were booted according to the Rusisan fashion. The women who wore the floating panel dress described above, had the long boots in black patent leather. They were made the same as riding boots, wide enough at the ankle for the foot to slip through. There were other Russian boots in fawn leather trimmed with tan; one of the mannequins with

A Heavy Burden

A Bad Back Makes Life Miserable For Many Medina People.

A bad back is a heavy burden. A burden at night when bedtime

Just as bothersome in the morning. Ever try Doan's Kidney Pills for it? Know they are for kidney back-che—and for other kidney ills?

If you don't, some Medina people do. Read a case of it:

G. Lutz, 247 2. Huntington St., Medina, says: "I had a very lame back and severe pains across my loins. It hurt me to straighten after stooping. I couldn't rest well and mornings I was stiff and lame. I had to pass the kidney secretions too frequently and they were unnatural. After I had taken three or four boxes of Doan's Kidney Pills I could rest better.

The Kidney secretions became nat-ural and the backache and lameness was relieved. Doan's Kidney Pills did me more good than any other medicine I ever took."
